

# 2.0 Touch Speaker System

Stylish touch speaker

## New experience in sound

Here's a new experience in sound, the Genius speaker system, SP-T1200 changes the way you control the functions. It's a new 2.0 speaker system with a touch panel. Touch the volume, bass, or treble, and slide your finger over the slider bar, and you can adjust the level to these functions. When you select the function, the icon will light and you can increase or decrease the level. The power total is 30 watts and the stylish shape and sleek control surface make the speaker system look elegant. This system is a great fit for your laptop and notebook. Other features include a line-in jack, headphone jack and mute. Want to enjoy the great sound and fun? SP-T1200 fits your vision.
